## New Miaa policy for check in bags

By [Name]

MANILA, Jan. 26 (PDI) — The Manila International Airport Authority (MIAA) has announced a new policy for passengers checking in their bags. The policy states that passengers must check in their bags at least 45 minutes before the flight. This is a change from the previous policy which required passengers to check in their bags at least 30 minutes before the flight. The MIAA officials said that the new policy is necessary to ensure that passengers have enough time to check in their bags and go through security. They also said that the new policy will help to reduce the number of passengers who are unable to board their flights because they did not check in their bags in time.
